

TECHNICAL SPECIFICATION

Euro plug type AC/DC MAINS POWER ADAPTOR 9020

Please note : All dimensions are nominal and given in millimetres.

ELECTRICAL AND MECHANICAL CHARACTERISTICS

| | |
|-------------------|--|
| Input: | 220v 50/60Hz |
| Output: | 9020 - 12v DC @ 300mA Unregulated. |
| Insulation Class: | E (120 °C) |
| Proof Voltage: | 4000v RMS (Input to Output) |
| Standards: | Designed to meet the insulation requirements of IEC 950 BS 415 Class 2 and BS 1363. Certified EN60950 and CE marked. |
| Construction: | The case is moulded in high impact plastic with partially sleeved live pins |
